Uptime  
Reliability

One API to Access

## Hotel Inventory Worldwide

Streamline hotel connectivity with one lightweight API - access 100+ suppliers, GDS, bedbanks, and hyperlocal sources worldwide

Award-Winning Travel  
Technology Platform

## USPs of Our **B2B Portal**

**Instant Agent & Agency Onboarding** Bring new agents onboard in minutes - not days. Assign roles, permissions, credit limits, and access levels through an intuitive dashboard. Scale your distribution network without operational bottlenecks.

**Digital Wallet & Credit Management** Real-time wallet system with instant fund settlements, individual credit limits per agent, multi-currency support (40+ currencies), and automated top-up alerts - eliminating 3-5 day bank transfer delays.

**Automated Accounting & Reconciliation** Reduce monthly closing from 12 days to 2 days. Automated invoice matching, outstanding payment tracking, ledger management, and batch payment approval - with 95% fewer manual errors.

**Role-Based Access Control (RBAC)** Granular permission management across your entire organisation - from system admins to agency staff. Reduce fraud risk by 90% with a complete audit trail of every user action.

**Smart Notifications & Alerts** Automated emails for booking confirmations, payment reminders, cancellations, and low-balance alerts - keeping your agents and customers informed at every step.

**Offline Supplier Management** Manage direct contracts and negotiated hotel rates alongside your API inventory - all from one unified platform. Ideal for corporate deals, phone bookings, and special allotments

## Agent & Financial Management

**Agent Network Management** Manage your entire agent network from one central dashboard. Create divisions, assign regional managers, set tiered commission structures, & track performance in real time. From onboarding to payout - fully automated.

**Dynamic Pricing & Revenue Control** Set markups by supplier, destination, or agent tier. Apply seasonal pricing, promotions, and commission rules by customer segment to maximise margins on every booking.

**Hold Bookings & Book Now, Pay Later** Support flexible payment workflows. Agents can hold bookings, pay later, and track all transactions with automated reconciliation - improving cash flow for both you and your agency partners.

**Quotation Management & Commission Tracking** Allow agents to generate and send quotes, track commissions in real time, and earn through referral programmes - driving performance and loyalty across your network.

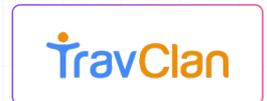

# Why ZentrumHub Is **Better Choice?**

Single API connecting to 100+ hotel suppliers GDS systems, bedbanks & hyperlocal sources worldwide

Technology Leadership	Speed & Performance	Business Value
