**<1 second**

API Response Time

**100+**

Hotel Suppliers

**99.99%**

Uptime Reliability

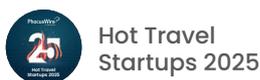

One API to Access

## Hotel Inventory Worldwide

Streamline hotel connectivity with one lightweight API - access 100+ suppliers, GDS, bedbanks, and hyperlocal sources worldwide

Award-Winning Travel Technology Platform

## USPs of Our **B2C Portal**

**AI-Enabled Hotel Recommendations** Smart, AI-powered hotel suggestions tailored to traveller preferences, location, & availability. Our intelligent algorithm continuously learns from user behaviour to improve results and drive higher conversions.

**Pre-Built White-Label Templates** Launch faster with ready-to-go, fully customisable templates - multiple conversion-optimised designs to reflect your brand identity from day one. No development skills needed.

**Multi-Currency & Multi-Culture Support** Serve a global customer base with dynamic currency conversion and localised content. Support multiple languages and cultural adaptability - expand your business without geographic limitations.

**Customisable Markup, Discount & Commission** Define your own pricing strategies with flexible controls over markup rules, promotional discounts, coupon codes, & commission structures - tailored per season, campaign, or customer segment.

**Mobile-Responsive, In-App & Web View Ready** A seamless booking experience across every device - desktop, tablet, and mobile app. Your portal adapts beautifully whether accessed through a browser or embedded in-app view.

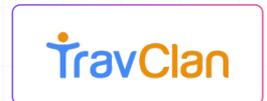

# Why ZentrumHub Is **Better Choice?**

Single API connecting to 100+ hotel suppliers GDS systems, bedbanks & hyperlocal sources worldwide
