AI-Powered Hotel Booking Engine

One Universal Hotel API to **Connect 100+ Suppliers**

Who we are?

One-stop AI-powered hotel booking engine platform helping connect B2B/B2C Online Travel Agencies with hotel inventory sources including GDSs, Global bed banks, Channel Managers.

Key Milestone

Integrated with 100+ suppliers including Expedia, RateHawk, HotelBeds, Priceline, WebBeds, TBO – providing access to **10M+ properties worldwide.**

90+ customers onboarded globally across North America, Middle East, India, Europe & South-East Asia with **95% customer retention** since inception.

500,000+ bookings processed since inception, currently supporting **50M+ API hits daily** and **8,000+ room night bookings daily.**

500% revenue growth in 4 years with **99.99% uptime** and **<1 second response time overhead**, powered by a team of **30+ professionals.**

Problem Statement

Fragmented Travel Distribution Costing
the Industry **\$1.43 Trillion Annually.**

Technology Gaps:

- ✓ 20-30 second response times.
- ✓ 10-12 months per supplier integration.
- ✓ 15-20% booking errors.
- ✓ No API standardization.

Travel Agencies
Need Automation,
Not Complexity

Business Impact:

- ✓ 40% users drop due to slow search.
- ✓ 25% higher operational costs.
- ✓ 20% booking failures in peak seasons.
- ✓ Poor customer experience.

Solutions We Provide

One Platform. Two Powerful Products.
Unlimited Possibilities.

Zentrum Booking Engine

AI-powered, end-to-end hotel booking platform

Complete booking engine for B2B, B2C & corporate platforms. Fully customizable white-label solution with AI-powered search, multi-supplier config, and real-time operations.

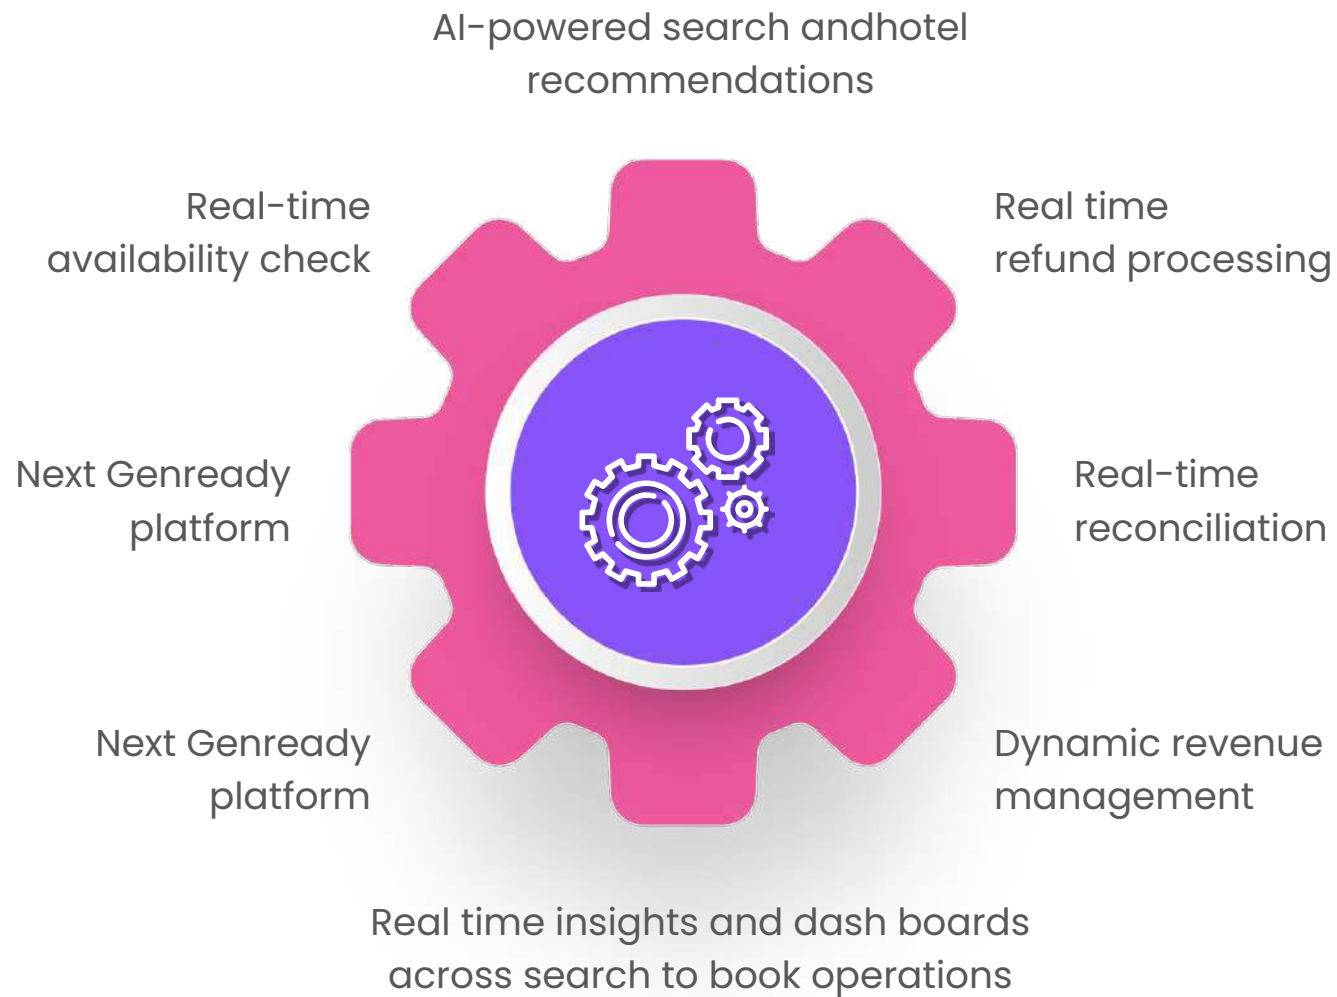

Zentrum Connect

Universal Hotel API for instant supplier connectivity

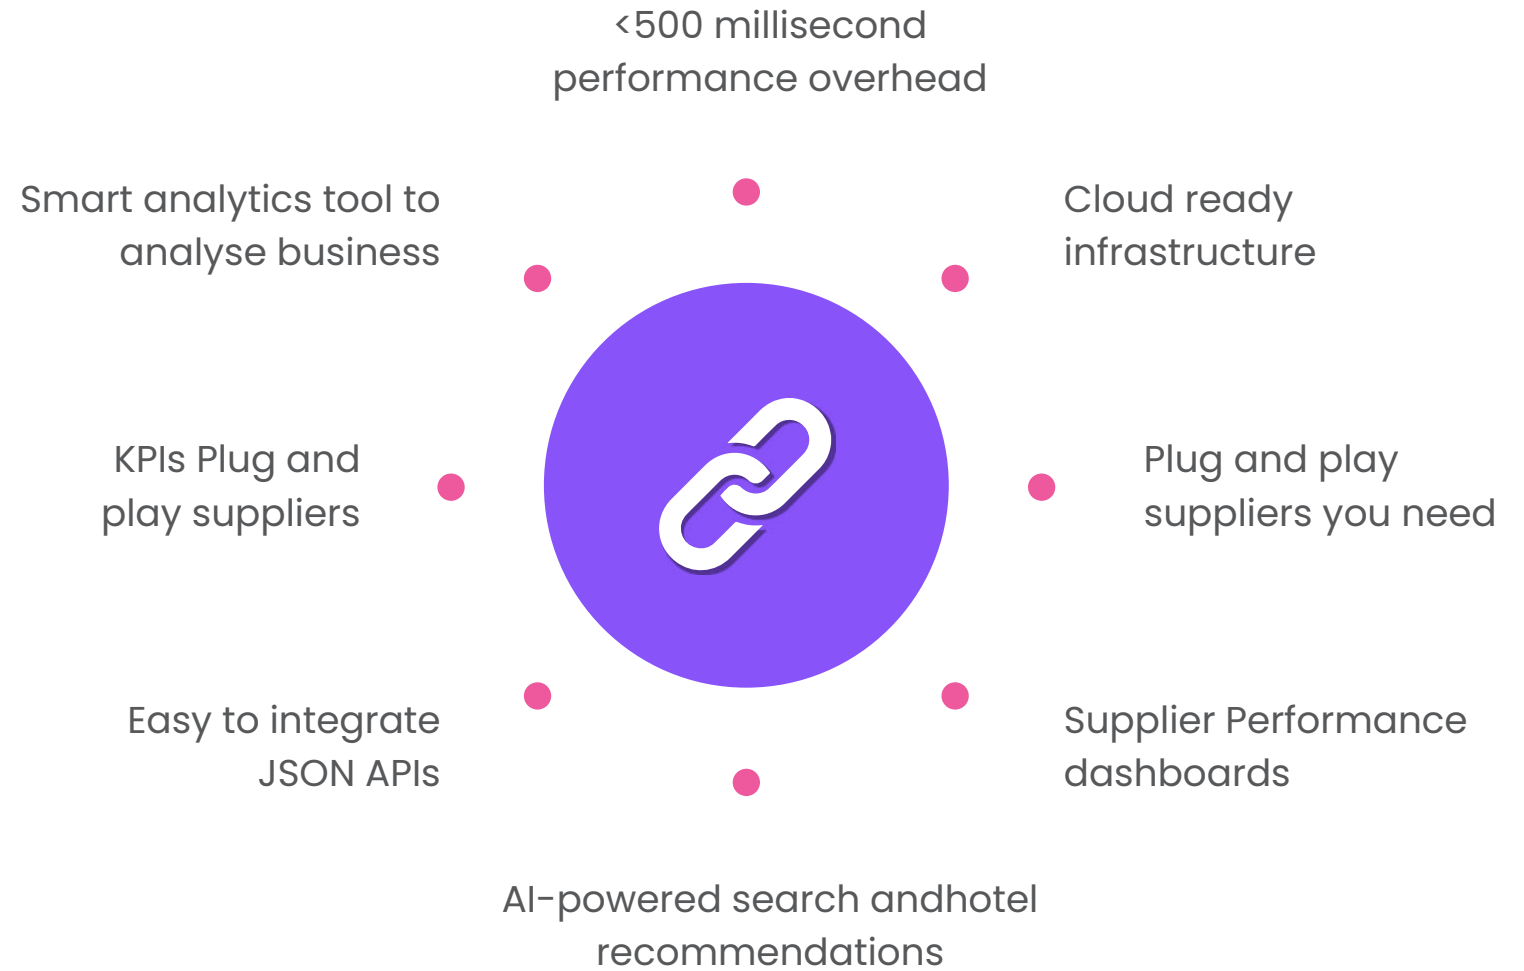

Connect once, access 100+ suppliers. Streamline hotel connectivity with one lightweight API - access GDS, bedbanks, and hyperlocal sources worldwide with plug & play setup.
